2019 Southeast Asia
LANGUAGE LEARNING ENCOUAGER COURSE
October 26 to November 9, 2019
Location to be Announced
Course Fee $850

An Intensive, Fourteen-Day, Eighty-Hour Training Program
In the Growing Redemptive Participation Framework

Do you have a role of encouraging co-workers in…
• …participation in the life of a host people group?
• …learning the heart language/culture?
• …ministering the Good News in the heart language/culture?
Or if you even hope to have such a role, this training may be of interest to you.

The training includes:
• Understanding integrated principles of growing redemptive participation.
• Strategies and skills for growing through six phases of redemptive participation.
• Skills for encouraging co-workers

The course fee of $850 covers all meals and accommodations during the course, as well as materials, tuition, ground transport to the venue, and children’s ministry. It does not cover travel, children’s accommodation/meals, nor accommodations before or after the course. Limited partial scholarships are available for those with special needs.

The Growing Redemptive Participator Framework (also known as the GRPA or simply GPA) addresses the following issues, among others:
• How the host people first encounter the workers as newcomers and “strangers” in their world.
• How the host people experience the workers changing before their eyes, becoming true participants in their world.
• How through this process Jesus is revealed and lifted up.
• A unified understanding of the expats’ life and ministry among host people, from arrival to the end of the sojourn.

This is an intensive course, including some evening sessions. It is also a spiritual retreat, and we commonly experience an outpouring of blessing and fresh spiritual equipping.

Re Children’s ministry: We are concerned to include parents of young children in this training. If present at the course, both parents need to participate fully in the training. Over and over, we have seen the children greatly blessed spiritually and socially. Kids must be under supervision in our children’s ministry for all of the eighty hours of meetings. (Exceptions are made to accommodate infant feeding schedules.) For school-aged kids, the program is like a day camp. We can’t provide for home schooling and kids cannot be unattended during meetings.

Our venues are limited in their ability to adapt to special dietary needs. Participants with such needs may want to bring supplementary food.

If interested, please send the tentative pre-registration below to llacourse@me.com. Registration deadline: September 1, 2019.
Tentative Pre-Registration for 2019 SEALLAC, October 26 to Nov 9, 2019

Each participant needs to register separately.

Your Name:

___ male  ___ female  ___ participating as a couple?

Age:    Birthday:

Your passport country:

Your native language(s):

Country of work:  [if not listing country, list region]

Field language(s):

Other languages with which you have had experience or studied or been exposed to a lot:

Home sending organisation (helpful but optional):

Phone number by which we can reach you:

Total years serving in cross-cultural work:

Are you currently involved in helping co-workers with their language learning?

If not, do you expect to have such responsibilities at some point in the future?

Are your plans to attend the course

❑ Definite?

❑ Probable?

❑ Possible?

(Definite decision needed by September 1, 2019, but register early, as this course can fill up quickly.)

Do you need to bring children?    Names & birth dates

How did you learn about this course?

Note: Late arrival and early departure are not possible, and any adults present, including both husband and wife, must be full participants in the training, and need to stay at the venue except during the middle weekend.
